YORKSHIRE HOUSE RULES	No.
Where There's Muck-There's Brass	
NOT A MARDY BUM 'Ear All - See All - Say Nowt	

@UKRenalRegistry @thinkkidneys

ATIONAL COAL MINING MUSEU

for England

## Sharing a journey through ...

KQUIP and it's relationship to Renal Registry, NHSBT, CRG, Think Kidneys, GIRFT, STPs, LTMAD, Improvement Academy (IA)/ AHSN

Our IA team - John Bibby, Maureen McGeorge, Usha Appalsawmy

@UKRenalRegistry
@ thinkkidneys

## Sharing a journey through ...

Primary, Secondary and Tertiary Care Metrics with QI examples

AKI developments including the new Master Patient Index

QI theory and practice, QI from a patient's perspective

@UKRenalRegistry @thinkkidneys

## Sharing a journey through ...

Breakout - applying QI principles to service improvement projects in Dialysis Access, Shared HD care/ HHD and Transplant First

Research and the Renal Registry

## Sharing a journey through ...

Promotion of QI education for the MDT

Discussion forum for proposed/ evolving QI projects in the region

Enjoy the day!

@UKRenalRegistry @thinkkidneys

### Kidney Quality Improvement Partnership (KQuIP)

### Yorks and Humber Network KQuIP UK Renal Registry Support

Louise Wells Co-chair of KQuIP

Kidney Quality Improvement Partnership Yorks & Humber

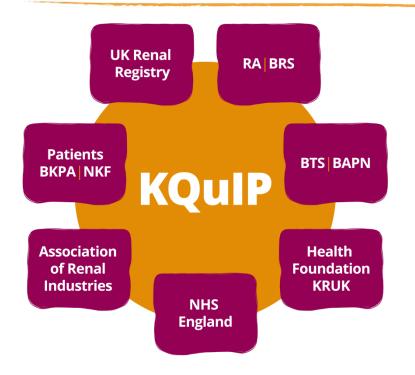

### Yorks and Humber Network KQuIP/Registry Day -

### Aims

- Know your outcomes-regional data
- Feel supported to embed QI in your practice
- Decide on your Unit priority
- Identify your QI leads
- Know where to turn to for further support

#### Kidney Quality Improvement Partnership (KQuIP)

KQuIP is a dynamic network of kidney health professionals, patients carers and industry ...committed to developing, supporting and sharing quality improvement in kidney services.... in order to enhance outcomes and quality of life for patients with kidney disease.

Professional Society Led Multi-Professional You are part of KQuIP

Kidney Quality Improvement Partnership Working together to develop, support and share improvement in kidney services to improve people's health and add value

therapy – improvemen drives efficiency and effectivenes

hands - KOull **Registry** and dialysis – sharing the learning reduces

UK Renal Registry 18th Annual Report

What is KOulP?

KOuIP is a dynamic network of kidney health professionals, patients and carers who are committed to developing, supporting and sharing quality improvement in kidney services in order to enhance outcomes and quality of life for patients with kidney disease.

#### What does KOuIP do?

KQuIP will improve the lives of adults and children affected by kidney disease by supporting healthcare professionals, kidney units, renal networks and commissioners across the UK to achieve the highest quality of care for patients.

#### How Will KQUIP Support Quality Improvement

- 1. Regional QI Days
- 2. Project Management Support
- 3. KQuIP Online Hub

#### 4. 3 National Priority Projects

#### Access at Initiation of Dialysis

CTHINK KIDNEYS<sup>3</sup> KQuIP Kidney Quality mprovenent

#### **Pre-emptive Transplantation Rates**

Kidney Quality Improvement Partnership Yorks & Humber

Kidney Quality Improvement Partnership

#### **3 National KQuIP Priority Projects**

#### Improving access to kidney transplantation; Transplant First

Transplant First, developed in the West Midlands under KQuIP, being packaged to enable others to implement.

#### Improving access to home therapies for suitable patients

KQuIP working with Manchester Dialysis Group

Improving incident and prevalence rates of arteriovenous fistulae access Katie Fielding

### Why does unwarranted variation persist?

#### Many reasons:

## Specific to each Unit-solutions can only come from those on the front line-you know your system best

#### Some systematic

- Resource?
- Leadership & leadership training
- Training in QI methodology
- Structure
- We don't share good practice (or learn from less good practice)

### KQuIP – How will it support Renal Quality Improvement?

#### National

- Advice to Clinical Reference Group.
- Central Registry Project management & faculty
- Online KQuIP Hub repository
- Industry coordination
- Regional supporting Renal Clinical Networks
  - Renal Registry/KQuIP quality improvement day
  - Regional Project management support
  - Peer assist

#### **Training in Leadership & QI Methods**

Quality Improvement – training for better outcomes "In order to practise medicine in the 21st century, a core understanding of quality improvement is as important as our understanding of anatomy, physiology and biochemistry"

Stephen Powis, Medical Director, Royal Free London NHS Foundation Trust, 2015

### **KQuIP - Driving Renal Quality Improvement**

#### You & me

- Education & support materials (the Hub)
- Peer assist (Share-'ask a friend')
- Support for local projects-Regional Project Managers

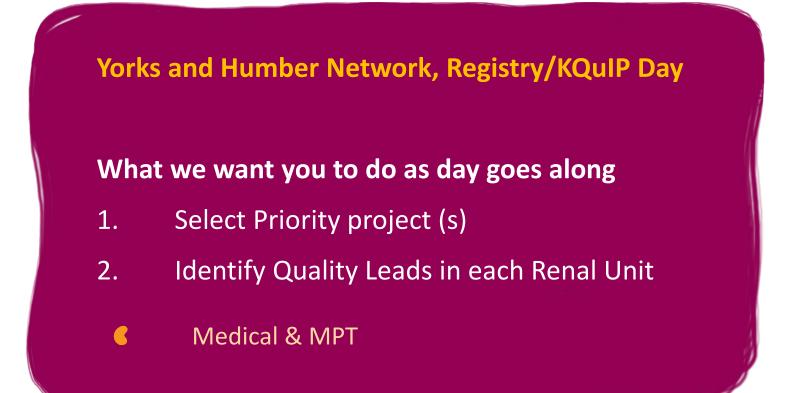

# **KQuIP - National Meetings 2017**

Renal Association 19 – 21st June Liverpool

BRS 26-28th April Nottingham

### KQuIP welcomes you...

...enabling you and your team to improve quality and safety
