

IF YOU HAVE

CHRONIC KIDNEY DISEASE

ARE YOU LIVING YOUR
BEST LIFE?

The renal team here is taking part in a project called 'Transforming Participation in Chronic Kidney Disease'

The aim is to help people living with CKD

- understand their condition
- get the best information possible
- feel supported to make decisions

We want to help you live life to the full.

To take part you will be asked to fill in a survey. Staff can tell you all about it, and there's a leaflet for more information.
