

Royal Preston Hospital

Our Team

- Live Donor Consultant Lead ~ Dr Ahmed
- Pre Transplant Consultant ~ Lead Professor Woywodt, Dr Solomon and Dr Nipah
- Post Transplant Consultants ~ Lead Dr Arunachalam, Professor Woywodt, Dr Solomon, Dr Ahmed, Dr Ponnusamy
- Associate Specialist ~ Dr Garrues
- Live Donor Co-ordinator ~ Fiona Biggins
- Transplant Sisters ~ Wendy Moore and Lyndsey Rushton
- Post Transplant Sister ~ Margaret Delargy and Jennifer Barlow

Where Are We Now?

- An established Pre Transplant team. Consisting of 3 consultants, 1 associate specialist and 1 transplant nurse.
- The current Pre tx pathway is at 12 weeks
- Strong patient and staff education programme
- Successful LD programme – highest pre-emptive transplants (ppp) in the North West

Challenges

- Changing Current Practice (habits) – Referral when eGFR is 20
- Increase number of referrals
- Long waiting time for cardiology
- Live Donor GFR – Change in testing modality.
- Clinic capacity
- Increased workload

What We Are Proud Of

- Introduction of the 'One Stop Clinic' and 'Fast Track Clinic'
 'One Stop Clinic' started 01/04/19 – reducing pathway by 6-10 weeks.
- Additional clinic
- Education Session – Joint Pre Tx and LD 'Transplant on Tour'
- 'Buddy up'

What we Would like to Share

- **Education**
 - ~Patient Information Booklet
 - ~Presentations (Pre Tx and LD)
 - ~Video
 - ~One to one education or group session
 - ~Refresher education session
 - ~link nurse with the satellite units
- **PDSA CYCLE**
- **Engagement and Awareness**
